

January 14, 1965

MEMORANDUM TO:

SUBJECT : Press Release from Civil Service
Commission, dated Jan. 6, 1965

1. In accordance with your memorandum of January 11 regarding above subject, please be advised that this subject was checked out some time ago with the result that we are operating in the correct manner insofar as Civil Service edicts are concerned on this subject.

2. However, pursuant to your request, I contacted Mr. Kator, of Civil Service, this day and was advised by him that we had no obligations or any compliances to meet insofar as the Press Release in question is concerned. We allow no-one, not even Mutual representatives to talk internally or use our bulletin boards, etc. for means of advertising. Civil Service has always been quite satisfied that equal treatment is given to all plans, as evidenced by the fact that our EOD briefings cover all four plans for which an employee might be eligible, following which he is advised that he must make his own choice as to the one in which he desires to be enrolled.
